

Dear Julie Rodriguez,

Please add my support for Fred Ross, Sr.

As the former House Democratic Majority Whip in Congress, I want to enthusiastically endorse Fred Sr. I led the efforts in the 1980's to stop the Contra War in Central America and I can attest to the fact that without Fred and his son's amazing grass roots efforts in almost every congressional district, we would not have ended the Wars in Nicaragua and El Salvador. Fred Ross sr. trained generations of Peace, social justice, labor, and civil rights activist. To me he is a national hero whose example needs to be recognized and emulated.

Kind Regards,  
David Bonior  
Former Member of Congress
